UNIVERSIDAD NACIONAL DE QUILMES
Bachelor's Degree, Music & Technologíes, *2020*

PROFILE

I've completed my Bachelor's degree in Music & Technologies at UNQ in 2020 with a VR environment made with **Unity**, **PureData** and **C#** for thesis. Since then I've been dedicated to web development, specially Frontend due to my orientation.

I am determined to detail, user experience and high functionality.

I seek to be part of a team to which I can contribute my creativity, drive and self-discipline to enrich my experience, generate new links and feed my desire for constant learning.
